**Futsal Club Stalitsa –
Champion
of the Republic of Belarus**
(season 2013/2014)

**Champion
of the Republic of Belarus**

STALITSA FC

Amateur futsal team of software development company SoftClub has managed to qualify from the First Futsal League to the Major Futsal League during 2012-2013 season. Consequently, decision for registration of a professional futsal club was taken. Our organization sets ambitious targets, including achievement of sports results, maintaining interest to futsal in Belarus and healthy lifestyle in general, development of youth sports. Our representatives are also involved in charity and social projects.

Our coaching staff is headed by former futsal player Vladimir Levus, and the squad includes several national team players - Uladzimir Zhdanovich, Oleg Gorbenko, Aliaksandr Chibisov.

Debutant of Belarusian Major Futsal League Futsal Club Stalitsa during its first season has become the champion and participant of the UEFA Futsal Cup!

We wish our opponents in the UEFA Futsal Cup good luck and fair play!

Official Partners

SOFTCLUB

For over 20 years, the SoftClub group of companies has specialized in software development for the banking and finance

industries. Our staff exceeds 500 people. Main customers are banks, financial organizations, public sector organizations, and IT companies in CIA, Europe, Asia and United States. During three consecutive years 2011, 2012, and 2013 SoftClub has been included in Software Magazine's Software 500 ranking of the world's largest software and service companies. SoftClub is the General Partner and founder of FC Stalitsa.

MACRON

Before the season 2013-2014 FC Stalitsa signed a two-year contract with Macron for the sports equipment supply. Since

then Macron has become the official technical partner of the team. During the current season FC Stalitsa together with Macron will participate in the UEFA Futsal Cup.

Software

HP SOFTWARE

HP Software (enterprise software segment of HP) is the globe's sixth largest software vendor with 5,000 partners and 50,000

customers, and works with 94 out of Fortune 100 companies. HP Software sells several categories of software and provides software as a service (SaaS), cloud computing solutions, and software services, including consulting, education, professional services, and support.

Our Futsal apps

AdvCoach

Android application for professional and amateur coaches aiming at improvement of team's gameplay and tactics.

The application helps to creating combinations, training exercises, tactical schemes and game episodes. Create videos, take screenshots, share them via social networks, discuss, analyze and lead your team to great victories with AdvCoach!

Free for downloading from Google Play.

Major Belarusian Futsal League Online

Service providing text live scores of the Major Belorussian Futsal League. Software consists of an android application being a tool for events selection from a given list and web-service which processes and reproduces information from the android application. This service can be easily applied to any sports/league in any country.
